

Name: _____

Grade: _____

The Cell Model - Rubric

	4 Outstanding	3 Satisfactory	2 Developing	1 Needs Improvement
Information	<p>At least 8 organelles are represented, including all required organelles.</p> <p>All 8+ organelles are labeled correctly.</p> <p>The general shape of each organelle is accurate.</p>	<p>All 6 required organelles are represented.</p> <p>All 6 organelles are labeled correctly.</p> <p>The general shape of each organelle is accurate.</p>	<p>4-5 organelles are represented.</p> <p>4-5 organelles are labeled.</p> <p>The general shape of some organelles is accurate.</p>	<p>3 or fewer organelles are represented.</p> <p>3 or fewer organelles are labeled.</p> <p>The general shape of each organelle is not accurate.</p>
Quality & Creativity	<p>The entire project is 3-dimensional.</p> <p>The cell model has multiple colors and a variety of materials were used.</p> <p>The project is neat and of high quality.</p>	<p>Some parts of the project are 3-dimensional.</p> <p>The cell model has multiple colors and/or textures.</p> <p>The project is neat and of high quality.</p>	<p>The entire project is 2-dimensional.</p> <p>The cell model has more than 2 colors.</p> <p>The project is fairly neat.</p>	<p>Little effort was put into the creation and display of the cell model.</p>
Mechanics	<p>There are no spelling errors.</p>	<p>There are 1-2 spelling errors.</p>	<p>There are 3-4 spelling errors.</p>	<p>There are 5 or more spelling errors.</p>

*Note: The expectation is that students will meet all of the requirements under column 3 (satisfactory). Students are not expected to meet the requirements under column 4 (outstanding).
